SET YOUR BODY TO SNOOZE

Marrakech is undeniably captivating, but it can be tiring. After a morning traipsing around the souks, refresh yourself with a trip to a hammam – a traditional steam bath. Farnatchi Spa (FarnatchiSpa.com) offers

one of the most luxurious options, where you can enjoy a single (or couples) eucalyptus-scented hammam in the steamy polished marble room that'll leave your skin feeling super-soft. The spa uses argan oil, and is attached to a stunning riad with a beautiful dipping pool and gorgeous tiles.
